Advanced Geologic Exploration is now offering Private Patented Mining Property Listings as well! Check out our Private Listings Link on our web-site or call us today!

Advanced Geologic has helped small miners and prospectors as well as large corporate resource companies with their mineral exploration projects. Each have different goals and require working strategies to meet those goals.

We update our Claim List on a regular basis, so please check back with us, or check out our web-site at: Advancedgeologic.com; where we update our list daily. If you have a particular Creek, Basin or Drainage your interested in, please let us know and we'll be sure to let you know when something comes available.

We offer a variety of services outside of the Gold business as well. You will find a complete list of our services on our web-page!

Advanced Geologic Exploration, Inc

Mining Claims For Sale!

Advanced Geologic Exploration Inc., has several prized gold claims for sale! We invite you to explore our claims list, and for your convenience, further information can be found on our web-site at: advancedgeologic.com. You may also contact our office for further inquiries.

Claims are located in known Gold Prospecting areas, and will be sold on a first come, first served basis. With the price of gold at a record high, we know that these claims will go fast!

All Claims are "Unpatented" mining claims, which means that you own the mineral rights, but not the actual land. The land is owned by the Federal Government, and are administered by the Bureau of Land Management (BLM). The County, in which the Claim is located maintains local claim records and collects a fee for this service.

Our claims have Location Monuments placed on the property and Location Notices have been filed with the County Recorders Office. The Federal California Mining Claim (CAMC) numbers are listed on individual Mining Claim web-site pages, else they are pending. Each and every Mining Claim has been thoroughly researched to insure that your mineral rights are valid, and guaranteed.

Claims are priced upon the value and size of the Claim itself. We accept Pay Pal (I.e. if purchased on E-Bay), Cashiers checks, Cash, Wire Transfers, and Personal Checks. Upon successful verification of the funds, the mineral claim will be transferred via a notarized Quitclaim notice that will be filed in your name with Plumas County, and with the BLM. Certain fees apply to this process. Limited payment terms and conditions are available; with information available on request.

All sales are final, and you will be responsible for all subsequent filings. For your convenience, Advanced Geologic Exploration, Inc., has a Claim Filing Service. We will maintain your annual filings with a full guarantee of no lapses in filings. Fee's for this service vary, so please contact us for further information!
